

## What is a Restock Consignor?

We're full! We've estimated that we have reached our maximum number of families who can sell items at the indicated location.

**However, we'd LOVE for you to still participate!**

Therefore, you are a "restock consignor." Restock consignors do NOT earn/sell less. What you sell is based on your pricing & items not when it hits the sales floor.

Restock consignors drop off on WEDNESDAY of sale week from 12:30pm-2:30pm. YES you can still shop on TUESDAY night.

Restock consignors can sell the SAME items, with one exception: clothing. In the clothing category, restock consignors can only sell boutique, new & specialty wear clothing. (Everything else is the same! Toys, shoes, baby gear, etc)

Want to be a regular consignor? It's based on when you register! So, next time register early! Also, if we see we have room, we will begin bumping restockers to regular based on the date they registered.

We're super excited to be able to have you participate as a seller!! You're going to love it!!

See you soon!
